

NEW YORK STATE LEGISLATIVE SCORECARD

Scores for New York State Legislators are based on: sponsorship of legislation in the area addressed; answers on Pride Agenda Political Action Committee (PAC) questionnaires; past floor or committee votes on the bills discussed; comments made in the press; participation in the Pride Agenda's "New Yorkers for the Freedom to Marry" initiative; and/or comments made to Pride Agenda staff or constituents. The score translates as follows:

1 = publically in support of issue 2 = has indicated support 3 = position unknown or unclear
4 = has indicated opposition 5 = publically opposed

This scorecard is current as of April 16, 2008 and will be updated periodically. Note that the marriage score is exclusively for the issue of marriage equality and does not indicate a legislator's position on civil unions, domestic partnerships, or any other family protection measure.
